As the show promoter, Roadway Productions must file for the permit on your behalf. **You are responsible for providing us with a current, completed, and signed Temporary Food Service Acknowledgement Document from the Austin Travis County Health Department (provided on our website).** It is also your responsibility to read and follow the Health Department requirements for Temporary Food Service. VENDOR SELECTION PROCESS

- Only complete applications will be considered. A complete application includes your signed application & acknowledgement form, all booth fees, TX Sales Tax & Use permit, photos, and merchandise list or menu.
- All Bat Fest vendors are selected by a jury committee based on the information and photographs you provide. The photos you submit are the main criteria the jury uses for vendor selection.
- All merchandise vendors will be juried for quality of craftsmanship, uniqueness of design, and percentage of handcrafting. "Green" vendors are encouraged to apply. Examples of green merchandise are items that incorporate organic, renewable, or recycled materials.
- All food/beverage vendors will be juried on visual appeal and uniqueness of menu. All menus will be considered. All food vendors are encouraged to be "green" and use local and organic foods if applicable, plus packaging materials made from renewable sources instead of Styrofoam or non-recyclable materials.

VENDOR BOOTH LOCATIONS & SIZES

- Approximately 50 ARTS & CRAFTS booth spaces are available. **NEW!!!!!! Congress Bridge Arts & Crafts booths are all east-facing against the west curb.** Single booth spaces are 10' wide x 10' deep and double booth spaces are 20' wide x 10' deep.
- 12 FOOD booths are available and are located along the west curb of the bridge and serve on 1 side towards the east. All food booth spaces are 10' deep. Single food booth spaces are 10' wide x 10' deep. Double food booths are 20' wide x 10' deep. Trailer booth spaces are 25' wide x 10' deep. Power requirements, especially for food booths, determine on-site locations.

- Space is limited. All vendors must stay entirely within their designated booth spaces. Note: Food trailers, including the tongue and awnings and outside condiment tables, must fit completely within the allotted space.
- A limited number of single-item food carts (6'x6') are also available and can be placed almost anywhere on the bridge at Roadway's discretion.
- Commercial and sponsor booth spaces are also located on the bridge but actual locations are determined by Roadway Productions based on power requirements, size, & public safety requirements.
- All booths spaces are assigned by Roadway Productions.

VENDOR BOOTH AESTHETICS - WHAT THE JURY LOOKS FOR

- All vendors will be juried for professional booth set-up and display.
- Booths include a space only. Display, lights, and set-up equipment, such as tables, chairs and decorations are not provided.
- Is your merchandise appropriate for the event?
- Is your booth visually appealing? Is it bright and colorful? Does it invite people in? Your display must be clean, organized and professional.
- White tent canopies are recommended. Colored canopies distort the look of your merchandise – especially when light shines through it. It's like wearing colored sunglasses. White canopies can be a few degrees cooler too – very important on a hot August day! **MAKE SURE YOUR TENT IS IN COMPLIANCE WITH FIRE DEPARTMENT REQUIREMENTS – CANOPY TAG MUST LIST NFPA 701 ON IT.**
- Your display must be in good repair. No obvious dirt or damage. No torn or moldy tent canopies.
- **Tables must be covered and draped to the ground.** It is recommended you keep your storage containers, supplies, and stock hidden under table coverings or behind solid counter displays. Your display must not have visible cardboard storage boxes or trash. Storage containers and trash must be hidden or moved offsite.
- Is your booth vertically appealing? A simple baker's rack or folding shelf is a great way to display your merchandise or hold your equipment while maximizing your booth space.
- Remember the floor! You never know exactly what surface you'll be set up on, especially during an outdoor show. Is the pavement oil stained? Is it dusty or muddy? A rug or piece of carpet greatly enhances the overall look of your booth.
- Is your booth well lit? Fact: people won't shop if they can't see it clearly.
- All booths must have a printed sign or banner with your name or indicating what you sell. No hand-written signs on paper or cardboard. No large "Going out of Business" or "75% off everything" signs or banners.
- Food booths must have a fixed menu with prices.
- Personnel must be clean and appropriately attired at all times.
- You are responsible for the clean up of your booth area.
- No matter your set-up, the perimeters of your booth must be entirely defined. Decorations are encouraged to make the event fun and help advertise your menu or merchandise.
- Remember, this is BAT FEST! Special "bat" themed items are strongly encouraged!
-

VENDOR ACCEPTANCE NOTICES

The application review process may take up to 2 weeks. Application acceptance and decline notices are emailed. Your booth location, set up info, and parking pass will be e-mailed to the address on your application approximately 1 week before the event.

If you are not accepted to participate for any reason, your check will be returned to you or destroyed. Checks are only deposited upon acceptance.

PARKING

There is a designated vendor parking area on the south side of the bridge within easy walking distance. A vendor parking permit is required to access the vendor parking area. **Parking spaces are limited to only (1) vendor parking pass per booth space, please.** Let us know if you need handicap parking access or have special needs.

CLEANING & PROPERTY DAMAGE

ALL FOOD VENDORS MUST LAY A TARP DOWN UNDER YOUR ENTIRE BOOTH SPACE AND WORK/ PREP AREA. Of particular importance is maintaining control of grease. If you anticipate that you will have "grease splatter" anywhere around your booth, remember your ground covering needs to reach beyond your designed space for protection. If your booth space is not left clean, you will be invoiced for a cleaning fee that must be paid immediately. Non-compliance will result in a report of your damages to the City of Austin and your exclusion of participation in any future Roadway Productions' events until the issue is resolved. You may be liable for other fines or fees from the City of Austin. You will be liable for any damage to City or Private property. Pay special attention to trailers hitting their surroundings.

WATER & ICE

WATER: There will be a nearby water source for food preparation or hand washing. The site is TBD. Bring your own containers and method of transport to get the water from the source to your booth. Food vendors must provide their own food-grade hose. Vendors may bring their own water.

ICE: 20 lb. bags of ice will be available for vendors to purchase on site. The price will be determined at the show, but it's typically \$5 per bag. Vendors must provide their own ice chests and method of transport to get the ice to their booths. Vendors may bring their own ice.

GRAY WATER: Vendors can dispose of gray water in the holding tank provided by Roadway Productions (location TBA) or carry offsite for proper disposal.

PUBLIC SAFETY

FIRE LANE: The Austin Fire and Police Departments require a designated fire lane to be in effect during the entire Bat Fest street closure. No vendor tents, tables, displays, awnings or structures in the fire lane at any time.

Propane:

- The number of appliances fueled by propane per vendor will be determined by the AFD inspector. Event setup, manufacturer recommendations, and public safety are a few of the things that AFD takes into consideration when making a determination of the number of propane fueled appliances allowed per vendor. A maximum 100 lbs. of propane in use per appliance, with a 200 lb. maximum of propane in use allowed per vendor.
- All propane must be outside of cooking tents.
- Propane regulators and cylinders must be 5 feet from ignition sources.
- All combustibles must be 5 feet from burners.
- All fryers must be at the back of the tents furthest from the public.

- No grilling with charcoal or wood is allowed under any tented structure.
- Outside BBQ pits with stacks must have a 5 ft. clear circumference from combustibles, a 15 ft. clearance above the stacks and a distance of 10 ft. from any permanent structure or 20 ft. from any tent.
- Homemade LPG appliances will be inspected individually and may not be authorized without an engineer's certificate.

ALL mobile vendors/trailers at special events are subject to a fire inspection.

GLASS: No glass drinking bottles or containers allowed on the bridge or in the Statesman Lot.

LITTERING: Vendors may not hand out paper flyers or advertisements because they often end up being discarded into the lake.

PETS: No pets in the food booths at any time. All vendors are **strongly discouraged** from bringing any pet to the event. The event is on a bridge and in a parking lot. Pavement is very HOT on little paws. There is no shade other than what you provide. There is no place for pets to use the bathroom. We love your animals. Please leave them safely at home.

TENT PERMITS – All tents over 400 square feet that are walled on two sides and tents over 700 square feet require this permit and must be reviewed and approved by the Austin Fire Department in compliance with the current fire code adopted by the City of Austin, Texas. AFD examines the dimensions of the tent, its intended use, presence of fire extinguishers, clearance from a heat source or flame, location of parked vehicles, etc. More information on additional requirements can be obtained by emailing AFDSpecialEvents@austintexas.gov.
